

Term 3: Pre-school's Best Bits

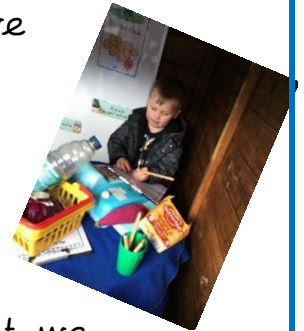

'Down on the Farm' was always going to be a great experience and topic to learn. It certainly didn't disappoint.

You can imagine the shock, when Dingle Dangle Scarecrow welcomed us back to class. He left us a message, a story and lots of messy animals. We couldn't contain our excitement.

This term was full of 'eggcellent' surprises. We learnt where milk, wool and eggs came from. We milked our own cows and sent it off for pasteurisation, we sheered a sheep and we scrambled our own eggs.

Pre-School did an excellent job of running our own Farm Shop. We were selling fresh fruit and vegetables. We started to talk about money and what we could buy with it.

For Phonics we have focused on listening and following instructions. This helped us to make animal sandwiches, rice crispy cakes and berry lovely Valentine skewers.

'Down on the Farm' has been a wonderful experience. We are now looking forward to entering a magical world of traditional tales.
