

## Year 2's Term 3 Best Bits!

What a *delicious...we mean busy* term it has been!

We started our term reading 'Alice in Wonderland' and learnt all about expanded noun phrases and listened carefully to Enid Blyton's 'The Faraway Tree' and snippets of Harry Potter to help us write our own, exciting setting descriptions of lands of our own. We had Candy lands, Football lands, Fairy lands even History land! In

Maths we impressed ourselves - our learning about division even made

Amelia in 2RL "blow her mind!" Word problems have nothing on us! We SMASHED our times table tests and lots of us are now practising the matching division facts for the 2, 3, 5 and 10 times table. Something that has made us giggle this term has been learning about hygiene! We are investigating what will happen to bread that has been touched by unclean and clean hands. When we come back after our break, we will see what has happened to our experiment. Check it out - it is on our class window!

We have loved this term. Some more of our best bits have been cooking a healthy stew with our CaterEd

friends, making a delicious smoothie on a blender bike, learning how to

carefully and safely chop vegetables using knives and chopping boards and making friends with Simon and his team from Plymouth Warriors when we learnt how to play walking football. We ended this term with a visit from Bev who taught us all about Christian celebrations, ready for next term.
