Headteacher: Mr A Meredith

Friday 5th April

Dear Parents/Carers,

Our Topic learning for Term 5 will focus on 'Bright Sparks'.

This Topic bases itself around electricity and forces in motion. We will explore using simple scientific equipment and use it to be able to carry out simple investigations, whilst suggesting ways of collecting evidence. To support this, we will be visiting Ernesettle Solar Panel Farm to find out about renewable energy.

In Art, we will be studying life drawings and create our own life drawings of each other by using a range of artistic techniques.

In English, children will explore the conventions of plays and scripts through *Fantastic Mr Fox*. We will also use reference books to research our Topic. In Maths, we will focus on *Measurement*, including area and perimeter, as well as converting units of measure.

Homework books will be sent home each Friday and children are expected to complete **one** piece of homework each week. Please continue to listen to your child read at least **three times** a week and help them to learn their weekly spellings.

Finally, your child will take part in weekly PE lessons and therefore their PE kits will be required to be in school at all times.

4CC – **Tuesday**

4SJ – **Tuesday**

As the children are approaching Upper Key Stage 2, the focus will be on supporting them to become more efficient learners. We would like to utilise the time provided in Early Morning Learning for the pupils to organize themselves, sort out their books, order lunch and complete a learning task all before the register. We would like to thank you for your support so far but now feel for the next stage in their development to be met, the pupils would benefit from a more independent start to the day. As always please feel free to communicate with us on the playground at the end of the day.

Please do not hesitate to get in touch with one of the team should you have any questions. We wish you a very enjoyable Easter break.

Yours sincerely,

Miss Castell

Miss Jewell
