

Nursery's Term 5 Best Bits!

We have had such a busy term, exploring our topic book 'Rumble in the Jungle'. We learnt all about the animals that live in the jungle, created our own lions and balanced on snakes!

We have really enjoyed exploring the outdoors this term and even went on a safari, looking for some jungle animals. We found a lion and had to run away really fast!

We have also been developing our imagination skills and went on a train journey to the beach, where we played in the sand and splashed in the water.

We have been busy with our home learning this term. We have made tasty jungle animal treats, such as biscuits and cakes!
