

Term 5: Pre-school's Best Bits

'Everyday Heroes' has been an inspiring topic for Pre-School this term. We have met some brilliant role models and found out about a wide range of jobs.

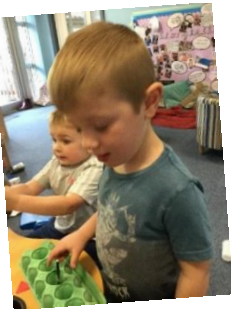

What a fantastic experience we had meeting three Police Officers. We were able to experience having our finger prints taken. They also brought a Police van and car for us to test drive. It was an unforgettable experience. Thank you again.

Pre-School are now teeth cleaning experts. We learned all about the job of a Dentist. We are now extremely confident in brushing our own teeth to ensure they stay healthy.

If you want to find out how to make a boat that floats just ask Pre-School. To support our learning of Lifeguards, we put on our creative hats and used a range of materials to make our own boats. With a little trial and error we were able to see which boats float.

Finally we have to mention our special guest Buddy the tortoise. We have been listening to and discussing the important role of a Vet. In Pre-School we care for all animals and we were excited to meet Year One's pet. This led us to vote for our own favourite pet. We decided that we would like to have fish to look after.
