

Nursery's Term 6 Best Bits!

What a term we have had in Nursery! We have loved exploring our Topic Book 'Mad about Minibeasts'. It took us on such an adventure around the school, in search for bugs!

We began with searching in the wild area for bugs and we found a bee, a butterfly and lots of woodlouse. We took lots of pictures and even explored looking at them through magnifying glasses!

One of our favourite activities was making cakey caterpillars using mini rolls and smarties. We had lots of fun making them, but even more fun eating them!

We even had a special visit from Animal Encounters and got to hold and stroke a giant millipede, crickets, an owl and even a baby hedgehog!
