

## Term 6: Pre-school's Best Bits

WOW what a term, 'Happy Holidays' has been our topic. This term we have been finding out about different holiday destinations and activities that link to going on holiday.

This term we have been greeting our friends and teachers with Makaton. We now start everyday with good morning and have even invented our own signs for our names.

Pre-School got to experience their first Family Day out! We went to West Hoe with our family members. It was a great day and we had lots of fun. We played games and ate ice poles.

We have been practising a range of different sports this term. We have some budding footballers and tennis players. We have been treating our new equipment with respect.

Pre-School had the luxury of having our own beach area. We have enjoyed feeling the sand between our toes, building sandcastles and 'going on Holiday'. We have continued to share resources with our friends.

This term, Pre-School had a Celebration Assembly for the children moving up to Reception. All of the staff in Pre-School are extremely proud of how much progress the children have made this year and we wish them all the best in Reception.
