

Year 5 Term 6 Best Bits!

Wow! What a fantastic term to end our Year 5 journey! It has been an action-packed 8 weeks of fun, sun and learning!

We consolidated our topic, Weather and Climate, with an educational visit to Paignton Zoo, where we took part in a workshop on different habitats around the world; we were able to link this to our learning on global climate zones.

We were given the opportunity to gain an essential life skill during our fantastic Bikeability sessions. Some of us have gained awareness of how to cycle safely and

responsibly on the road and others have achieved our goal of learning to ride a bike for the very first time.

LONDON CALLING! Along with children from Year 6, some of us enjoyed our first residential trip to London, which included:

a river cruise down the Thames, a trip on the London Eye, visiting the Tower of London and extending our understanding of the

natural world in two famous museums: Science and Natural History. The most unforgettable moment of the trip was being able to watch The Lion King performed live on the West End stage - a magical experience.

We have made the most of the lovely weather and taken our learning outside on numerous occasions, including: outdoor classroom day, a litter pick and Pass the Peg at Ernesettle Creek, fire pit activities and our brilliant Sports Afternoon - congratulations Green Team!

We have taken the time to reflect on our learning from this year and are proud of the progress that we have made; our Harry Potter-inspired writing demonstrated how far we have come as writers and learners and we have applied our new Maths skills to a range of challenges and investigations. Although we are sad to be ending our Year 5 journey, we are prepared to take on the challenges of Year 6 and our final year at Ernesettle Community School.
