

## Nursery's Term 1 Best Bits!

What a term we have had in Nursery! We have loved exploring our Topic Book 'Guess How Much I Love You' and talking all about ourselves and our families.

We began this term, by welcoming back our old friends and making lots of new ones. We really enjoyed playing together and acting out our experiences the home corner, by having tea parties and looking after the babies.

One of our favourite activities this term has definitely been exploring our Autumnal tray. We especially enjoyed exploring the pumpkin, the seeds and how it feels.

We even had some fantastic headteachers award winners this term too, we have seen some fantastic improvements in learning and some very kind friends.
