

Year 4 - Term 1 Best Bits!

Wow, what a fantastic start to Year Four! To launch our new topic 'What's on the Menu?' we visited the Caribbean restaurant Turtle Bay. We tried lots of new food such as plantain, rice and peas, roti and Jamaican dumplings!

We have started a new initiative called Facetime a Farmer and have been skyping Farmer Sam! Through this we have learnt about land use, how crops are harvested and day to day farm life. We have also started our Design and Technology project and have begun to design crop packaging made from plastic-free materials.

Finally, another highlight from Term 1 has definitely been our dodgeball PE sessions! We have learnt various throwing techniques and have enjoyed showing good sportsmanship!
