Wednesday 18th December 2019

Dear Parents/Carers,

In Term 3 our Topic will be *'Inventions that Changed the World'*. Our learning focuses on 'how things work'. Children will be exploring the contributions that different societies have made to global inventions by focusing on history and technology. In Science we will be learning about how shadows are formed and how they change as well as investigating magnetism.

We are incredibly fortunate to be part of a tackling health programme run by **Exeter Chiefs Rugby Team**. Next term, professional trainers from this team will be completing an indoor workshop with us, discussing nutrition and why different food groups are so important. During our outdoor workshop, they will be teaching us Tag Rugby skills. Children will need their **PE kits in school every Wednesday** (please bring in extra weather appropriate clothing such as jumpers and tracksuit bottoms as we will be outdoors).

One piece of homework will be sent home each Friday and children are expected to return it the following Thursday. Spellings and reading at least three times a week will also continue.

In English, children will continue to develop and apply their knowledge of vocabulary, conjunctions, openers and punctuation as they explore the Hansel and Gretel fairy-tale. They will also write their own instructions based on George's Marvellous Medicine by Roald Dahl and explore a different culture by studying 'Fly Eagle Fly'

In Maths, we will continue to use the Visual Maths approach to secure children's recognition and calculation of fractions. Children will also learn more about angles and explore the different types of triangles. We will also continue to develop the rapid recall of times tables.

Thank you for your continued support.

Yours sincerely

Year 3 Team
