

Year 2's Term 4 Best Bits!

Our Topic for Term 4 has been 'How are you', and we have learnt all about how to keep ourselves healthy.

During British Science Week we had lots of great visitors such as Dartmoor Zoo and Babcock engineers. We explored how much sugar is in our drinks and learnt to make healthy swaps.

For World Book Day, we were extremely lucky to meet Emma Carroll, a famous author who wrote 'Letters from a Lighthouse'. We all dressed up in our favourite book characters and learnt about great British books.

In Whole Class Reading, we enjoyed reading 'Mama Panya's Pancakes'. To launch our new book, we tasted different flavoured pancakes and learnt African greetings used in the book.

In Maths, we have been learning about fractions. We explored finding $\frac{1}{2}$ and $\frac{1}{4}$ in cakes and pancakes and learnt that when finding fractions, each part must be equal.

This term we were able to meet Isabel Haigh, a Cornish Gymnast who competed in the 2017 World Games where the GB team won a bronze medal. Isobel inspired all of us to persevere with our dreams and to stay active.

In English, we have read 'The Diary of the Killer Cat' by Anne Fine. We learnt how to describe a character in detail and write a diary entry from the point of view from an animal. We enjoyed the challenge to include some of Anne Fine's funny one liners in our diary entry. Can you read another of Anne Fine's books at home?

As part of our P.E lessons, we have been putting our skills to the test when playing team games. We all enjoyed playing dodgeball, remembering to throw and catch correctly and finding a space.
