

## Year 6 Term 3 Best Bits

Wow! What an amazing and busy start to the new decade for Year 6!

This term, we have started looking at our new topic 'War Heroes' and have absolutely loved learning about World War Two. To kick-start the new topic, we took part in an 'Evacuee Day' where we dressed up as evacuees, made gas masks, cooked World War Two meals and even experienced an air raid! The

teachers even dressed up with us! We were also fortunate enough to have some experts visit our school with lots of amazing military memorabilia including weaponry and even an American jeep from the 1940s!

In English, we have been reading

'Letters from the Lighthouse' by Emma Carroll and have written our own evacuee letters and flashback stories inspired by the novel. We've really got into our Science learning this term after visiting the University of Plymouth and the Guild Hall to take part in two exciting STEM events. We had the opportunity to walk like a dinosaur, pet (very expensive) robotic animals and even take home our own sample of banana DNA!

Another highlight of Term 3 has been seeing our progress sky rocket! By trying our absolute best in all that we do, we have achieved great things in preparation for our End of Key Stage Two Assessments in May! Bring it on!
